Re: **Ex Parte Presentation**
CG Docket No. 03-123

Dear Ms. Dortch:

On April 4, 2007, a letter was submitted by CSDVRS and CSD, reporting on a meeting that took place a day earlier with FCC staff in the Consumer and Governmental Affairs Bureau. The primary focus of that meeting was a proposal for a tiered approach that would set compensation rates for video relay services for three years and would recognize the cost efficiencies achieved by providers that handle greater volumes of calls. That letter indicated that additional information regarding this proposal would be forthcoming.¹ Attached is a more thorough analysis of the tiered approach that was proposed during the April 3rd meeting.

This letter is being submitted for inclusion in the record of the above-referenced proceeding pursuant to the Commission's rules.

Sincerely,
/s/
Sean Belanger
CEO
CSDVRS

¹ The ex parte letter inadvertently indicated that CSD would be providing this information; it is actually CSDVRS that is now providing this additional material.
